

*Dear Parents,*

*We plan to take small walks around the neighborhood and play or have picnics at the nearby park. We will remain off the main streets, which include Hayden and Fiddymont. These streets tend to have more traffic and are not as safe. We will use the bike trails and explore outside with nature walks, etc.*

*All of these outings will be weather permitting. The children's safety and well being are in my best interest. We will go over safety procedures with the children before going out.*

*Please contact me with any concerns regarding these walks and time at the park*

*Sincerely,*
